

## RONDA 6 | INCIDENT RESOLUTION

21/05/2025

### RACE 1

#### Incident 1

---

- **Claiming team:** EPLF Simracing
- **Claimed team:** Firebeast Racing Team
- **Replay time:** 19:54
- **Lap:** 13
- **Resolution:** Lance de carrera
- **Justification:** At 19:50, the FRT driver receives contact from the claiming team's driver, which forces him to slightly extend his racing line. Despite this, he maintains position and attempts to rejoin the ideal racing line. At that moment, several additional contacts occur, which are noted but do not warrant a penalty and are classified as a racing incident.

#### Incident 2

---

- **Claiming team::** EPLF Simracing
- **Claimed team:** Firebeast Racing Team
- **Minuto repetición:** 21:02
- **Lap:** 13
- **Resolution:** Lance de carrera
- **Justification:** No punishable action is observed.

#### Incident 3

---

- **Claiming team::** EPLF Simracing
- **Claimed team:** Firebeast Racing Team
- **Minuto repetición:** 21:11
- **Lap:** 14
- **Resolution:** Twitch\_Mkay22 +3"
- **Justification:** The claimed driver attempts to defend the position on the inside when the overtaking maneuver is already nearly completed, resulting in contact with the driver who is overtaking. The consequence is the loss of a position, although without a significant loss of time.

## RACE 2

### Incident 4

---

- **Claiming team::** Elite Racing Squad
- **Claimed team:** Kraken Stains GT
- **Minuto repetición:** 00:22
- **Lap:** 1
- **Resolution:** KRK\_cuerdo1505 +3" (L1.1)
- **Justification:** The claimed driver makes contact with another driver, causing a push that leads to a chain reaction involving the claiming team's driver. As a result of the incident, the contacted driver gains a position at the expense of the claiming team's driver.

### Incident 5

---

- **Claiming team::** Avalon Motorsport
- **Claimed team:** Bionic Zero 24
- **Minuto repetición:** 18:46
- **Lap:** 12
- **Resolution:** litosteles +7" (L1.1)
- **Justification:** The driver ahead receives initial rear contact, which forces a slight extension of the racing line. Despite this, the driver clearly maintains position and attempts to rejoin the ideal racing line. At that moment, minor additional contacts occur which, from the onboard camera, are almost imperceptible—making it appear as though the claimed driver is already ahead. The contact is minimal and does not result in loss of time or positions, as the affected driver was already behind at that point.

## RACE 3

There are no penalties to display.

## RACE 4

There are no penalties to display.
